

Chat Gajim

link: <https://gajim.org/downloads.php?lang=en>

The screenshot shows the 'Accounts' dialog box in Gajim. On the left, a list of accounts includes 'Local' and 'bluelightav.org', with 'bluelightav.org' selected. Below this list are buttons for 'Add', 'Delete', and 'Rename', and a checkbox for 'Merge accounts'. The main area of the dialog has tabs for 'Account', 'General', 'Connection', and 'Personal Information'. The 'General' tab is active, showing fields for 'Jabber ID' (set to 'ramachandra@bluelightav'), 'Password' (masked with dots), 'Resource' (set to 'Gajim'), and 'Priority' (set to 5). There are checkboxes for 'Active', 'Anonymous authentication', 'Save password', and 'Adjust to status'. Below these are expandable sections for 'Administration operations' and 'Client certificate'. A 'Close' button is located at the bottom right.
