

Blue Light Workshops

AuroWiki

This will be a one and a half hour workshop to introduce and explore the recently launched AV Wiki.

Participants (4-6 seats)

Previously Offered

Amanda Workshop

We had a 2 hours hands on workshop on Amanda. [Course material](#)

AV Wiki

We have had several one and a half hour workshops to introduce and explore the recently launched (24 April) AV Wiki.

Networking

We had a three hour introduction to the basics of networking, getting to know some of the underlying tools to configure and troubleshoot. [Course material](#)

LDAP

We are looking at the deployment of LDAP and gave a follow up course on a external training we got
