

Chat Gajim

link: <https://gajim.org/downloads.php?lang=en>

The screenshot shows the 'Accounts' dialog box in Gajim. On the left, a list of accounts includes 'Local' and 'bluelightav.org'. Below this list are 'Add', 'Delete', and 'Rename' buttons. The 'bluelightav.org' account is selected, and its configuration is shown on the right. The 'Active' checkbox is checked. The 'General' tab is active, displaying fields for 'Jabber ID' (ramachandra@bluelightav), 'Password' (masked with dots), 'Resource' (Gajim), and 'Priority' (5). There are checkboxes for 'Anonymous authentication', 'Save password', and 'Adjust to status'. Below these are expandable sections for 'Administration operations' and 'Client certificate'. At the bottom left, there is a 'Merge accounts' checkbox, and at the bottom right, a 'Close' button.
